Re: BEI ~~Georgetown~~ Facility, EPA I.D. No. WAD 00081 ~~2909~~ ²⁹¹⁷

Dear Mr. Stiller:

The Environmental Protection Agency (EPA) is in receipt of Burlington Environmental Inc.'s (BEI) February 24, 1993 final Tidal Monitoring Workplan and Pumping Test Workplan. EPA has expedited our review of the Tidal Monitoring Workplan only, in order that BEI can implement the plan in time to catch a period of high tidal fluctuation in early March. EPA hereby approves the February 24, 1993 Tidal Monitoring Workplan.

EPA has not yet reviewed the Pumping Test Workplan. EPA's final determination for the Pumping Test Workplan must await completion of this review.

If you have any questions, contact David Croxton (206-553-8582).

Sincerely,
